

THE QUESTION THAT CHANGES EVERYTHING

What are the chances
your business is recommended
among the **top 3** by AI?

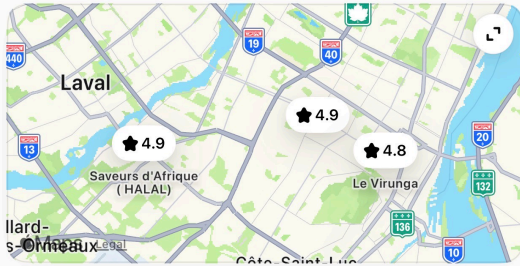

In 2026, passive reputation management is over.

THE PROBLEM

Your customers no longer ask Google. They ask AI.

ChatGPT, Gemini, Perplexity answer based on your online reputation. If it's weak or fragmented, **AI's are simply ignoring you.**

REPUTATION ROULETTE

Three invisible pain points:

The Silent Fans

Your happy customers forget to leave a review.

The Vocal Critics

Your unhappy customers shout it from the rooftops.

The Blind Spot

30+ plateformes dont vous ignorez l'existence.

The worst part? Most business owners react *after* a bad review. By then, it's too late.

THE PARADIGM SHIFT

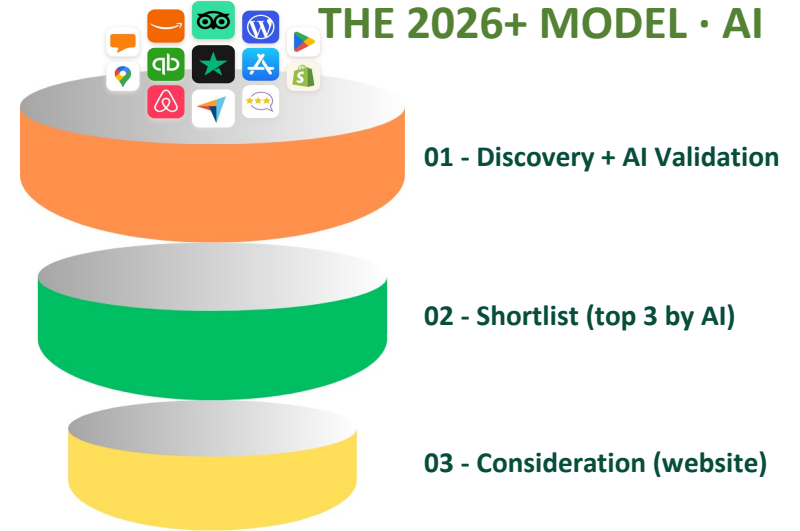

The evolution of the customer journey

THE 2010s MODEL

The website was the front door.

THE 2026+ MODEL · AI

Reputation has become the front door.

Reputation is the new front door. **SEO closes the sale.**

OUR SOLUTION

Stop managing. Start optimizing.

4 modules to turn your reputation into a growth engine, automatically.

Smart, Compliant Routing

Happy customers → public platforms. Unhappy ones → private message. 100% Google-compliant.

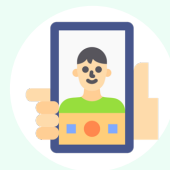

Multi-Platform Gateway

30+ platforms fed simultaneously (Google, Yelp, TripAdvisor, Facebook...) from a single QR scan.

Real-Time Sentiment & Campaigns

Single dashboard. Track every customer interaction live, by campaign, by location.

Video Testimonials

The most powerful social proof of 2026. Your customers film their experience via QR.

All-in-one. Fully automated. *Zero manual intervention.*

THE TRAP 95% OF SMBs HAVEN'T SPOTTED

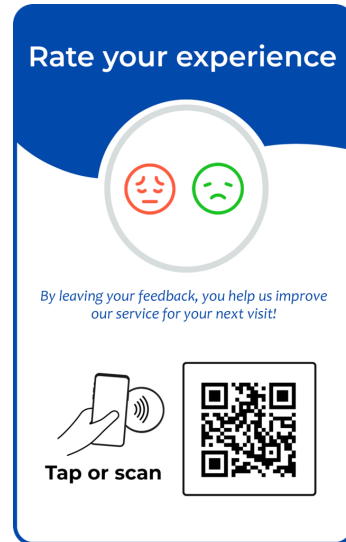

The sign that costs you stars.

The QR that multiplies them.

❌ Stop doing this

✅ Do this instead

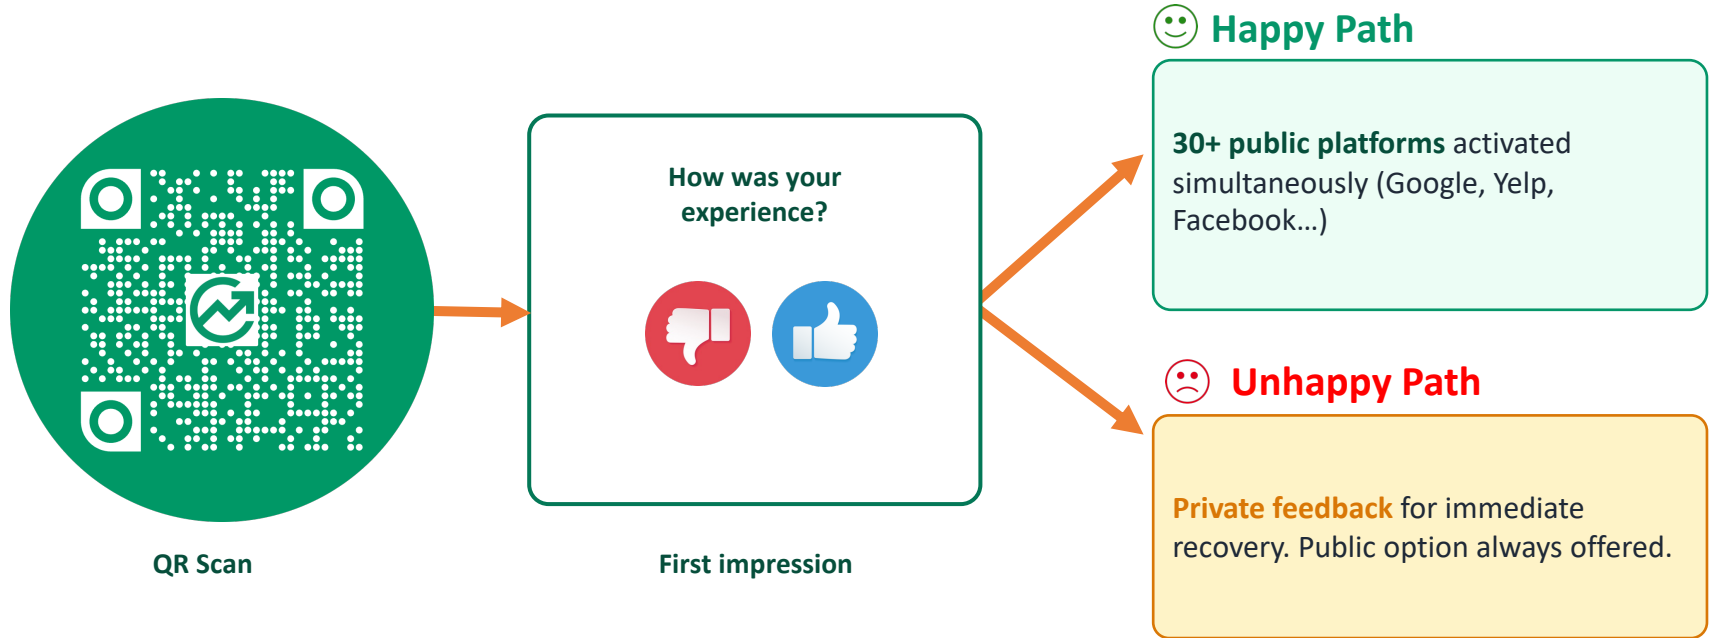

All customers → public page

Happy → public · Unhappy → private

Ask for a review. Ask for an experience. The difference is worth stars.

THE MECHANICS

The Trust Engine: **smart routing** for every customer

One QR code. **Two smart paths.** *Zero manual intervention.*
